Let Us Entertain You

- A powerful 12-inch driver
- An amplifier capable of producing 650 watts
- A BASH® amplifier for high efficiency, with low heat buildup
- Placed in a closed cabinet, eliminating port noise
- Boundary Gain Compensation for linear, in-room response
- 12 v trigger input

SUB 650
The SUB 650 is intended for high-performance speaker systems. It features a powerful front-firing design with an explosive 12-inch long-throw woofer. It is placed in an entirely closed cabinet, eliminating port noise.

With an impressive 650W of peak power from the BASH® amplifier and a frequency range from 24 Hz to 200 Hz, the SUB 650 is "The top of subs". Because the SUB 650 is capable of reaching down to an incredible 24Hz, it's incorporated with Boundary Gain Compensation for optimum integration in the home environment. The SUB 650 also features a 12V trigger input, which is particularly useful in custom install applications.

The SUB 650 is intended for high performance bookshelf and floorstanding speaker systems. The level control is placed on the front of the subwoofer, elegantly integrated in the design, with a soft blue light indicating the volume setting.

The SUB 650 brings added might to any movie soundtrack, with its ability to reproduce even the deepest bass notes or explosive effects with complete fidelity.

Specifications

System Type	Closed
Woofer (mm/in)	305 / 12
Rated output (W)	650
Frequency Range (Hz)	24 - 150
Impedance (Ohm)	22k
Weight (kg/lb)	48.9 / 107.8
Product dimensions (mm/in, HxWxD)	419 x 400 x 418 / 16.5 x 15.7 x 16.5
Finishes	Black or Dark Apple
